Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 0400 on Wednesday 22 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly cloudy with outbreaks of rain.

Today:
A dry, bright start for Fife. Otherwise cloudy with outbreaks of rain edging southeastwards during the day, the rain occasionally heavy in the west. Southwesterly winds gradually easing down. Maximum temperature 18 deg C (64 deg F).

Tonight:
Rain clearing south in the evening with some clearer conditions behind. Winds will strengthen overnight with a further rain in the west. Minimum temperature 8 deg C (46 deg F).

Thursday:
A wet and cloudy day in the west but some brighter weather in the east, winds easing during the day. Maximum temperature 17 deg C (63 deg F).

Outlook for Friday to Sunday:
A lot of dry and bright conditions for Fife and eastern Tayside but quite windy at times, light rain a lot of the time for western areas.
